

Be an EV Ambassador

Looking for Volunteers from Around the State

The National Drive Electric Weeks in the spring and fall have now morphed into Drive Electric Months. We anticipate a higher volume of events now that there is more scheduling flexibility and Electric Vehicle Association Support outside the more limited windows.

The EV Club, aside from its own events, has supported other events by helping to recruit EV owners to exhibit their vehicles. We don't always have a presence ourselves at these events and we would like to change that.

We seek volunteers who are willing to exhibit their vehicle and represent the club. We have a tent and some banners that we can ship around as needed. Volunteers will get some form of club insignia. All that is needed is the club branding and having a sheet to sign up people who are interested in being part of our distribution list.

The commitment can be as much or as little as you would like. This is a pretty relaxed endeavor and if you are an EV enthusiast, it's a lot of fun.

Please let us know if you are interested by emailing us at EVClubCT@gmail.com

Thanks!
