Data Updated Through the End of 2023

The EV dashboard is live on the website. It has slicers and interactivity. Of course, if anyone would like information and is having difficulty finding it, please reach out to us at EVClubCT@gmail.com.

The photo at the top of the post is the top 10 EV makes (including battery electric vehicles and plug-in hybrids) as of January 2024.

This is the link to the [Dashboard](#).

The data elements that are there include:

- EV trend
- Trend with how far we need to go
- Powertrain
- County and city
- Cities per capita
- EVs as % of vehicles by city
- Map of registered EVs
- EV by make and model
- EVs by make within city
- EV New (2023) registrations by make and model
