

East Hampton EV Show 2024

EV Owners Wanted!

To exhibit your vehicle and speak to attendees about your personal experiences driving electric.

The East Hampton Clean Energy Task Force is holding the Sixth Annual “East Hampton EV Show 2024” on Saturday, October 5, 2024 at the Congregational Church of East Hampton parking lot at 59 Main St. East Hampton, CT 06424 from 12 noon to 3 pm (Rain Date is Saturday October 12th). The Task Force, with the cooperation of the Congregational Church, is bringing the event into the center of East Hampton for the first time. This year, we have partnered with the town of East Haddam’s Sustainability Team to expand the reach and participation in this event.

Owners of electric, hybrid or alternative fuel vehicles are invited to show off their clean energy machines. No one is a better ambassador for clean energy transportation, or can

better describe the electric driving experience, especially in these times when some have concerns about range and charging infrastructure. Registration is quick, easy and free.

Just go to www.tinyurl.com/ehcarshow and complete the form and click submit. That's it.

We'll have music and food, too. So, come on out, show off your vehicle or just do some green window-shopping with us and have some good "clean" fun!
