

EVolunteers Requested

EV Drivers Could Relieve the Burden of High Gas Prices in Delivering Food to the Needy

Food Rescue US is an organization that reduces food insecurity by transferring excess food from grocers and restaurants to social service agencies that feed people in need.

Using an app, volunteer drivers “rescue” food from donors. A typical rescue takes 30 minutes to an hour.

The problem in our time of burdensome inflation is that the organization has been losing volunteers due to the expenses caused by record high gas prices. EVs can affordably fill the bill.

Food Rescue US is active in Fairfield, Litchfield, and New London Counties, as well as West Hartford.

Arrangements are flexible and volunteers can make as few or as many trips as they choose. If anyone can spare some time to help the hungry, please register at this link: <https://bit.ly/EVfoodres>

Your time and good will is appreciated!
