

EV Showcase at 2019 STEAMFest

The EV Club staged a small showcase at a well-attended event called STEAMFest, presented by Sustainne with (and at) Housatonic Community College in Bridgeport. This event covered numerous topics related to energy efficiency, zero-waste, raising organic food, ecology, as well as speakers who gave advice to students about environmentally-related careers (of which there is a wide variety).

The time of year is past, for the most part, for outdoor showcases, but we braved the somewhat cold November weather and had a great response. We find that there is still a pretty low baseline level among the general public about what EVs are about and what incentives may be available. It reminds us that the commitment to doing these will be worth it over time.
